RoHS (3) Compliance Declaration

MAC_RK Engineering is dedicated to supplying high quality machined components that meet environmental regulations including RoHS (Restriction of Hazardous Substances) Directive 2002/95EC and RoHS2 Directive 2011/65/EU. This declaration incorporates EU2015/863(RoHS3). REACH (Registration, Authorisation and Restriction of Chemicals), EU Regulation (EC) 1907/2006. Unless otherwise agreed all materials used for parts, manufactured or supplied by MAC comply with the relevant RoHS and REACH threshold limits.

RoHS Compliance

- Hexavalent Passivate has been replaced by Trivalent Passivate
- Free machining leaded steels used for parts contain max 3500ppm Lead (typically 2800ppm)
